#### Remarks

Re-examination of the above-identified application is respectfully requested.

With respect to the restriction requirement under 35 U.S.C. §121, Applicant hereby confirms the election of Group I, claims 1-6 and 16-21. In fact, Applicant has canceled claims 7-15 without prejudice or disclaimer in order to retain the right to proceed with the filing of a divisional application to these claims at a later date.

Applicant notes that newly added claim 22 is substantially identical to claim 21, however, the ranges for carbon, manganese and tungsten have been revised. Support for the amendment to the carbon range is found at page 11, line 13 and Figure 8 of the specification. Support for the
